for immediate release.

Casino Parties by Show Biz Productions opens a Virtual Games Division featuring a virtual casino party experience and casino gaming tutorials led by industry experts.

Casino Parties by Show Biz Productions, a leader in the fun night gaming industry is now pleased to be able to offer a for-fun, virtual gaming experience for businesses, fundraising endeavors, and private events. Whether it's an office party, a team building event, a private party, or just a casual get-together, our team can produce virtual games to entertain you and your guests. The programs are tailored with gaming variations that can include tournament play, free play, competitive play, charitable play, or just an educational experience. Whatever you choose, your group will enjoy the thrills that accompanies casino play with none of the downsides. Participants can play Craps, Roulette, Blackjack, Wheel of Fortune, as well as a variety of Poker games. This is interactive entertainment at its very best.

You can now host your events with the same WOW factor that you and your guests are used to, but now in a virtual world. Packages come complete with authentic gaming equipment and table, live and personable croupiers/dealers, with green screen backdrops, and professional lighting. The Casino Parties

by Show Biz Productions team will walk you through the process and take care of all the details leaving you to enjoy the event with your guests.

Steve Phillips and Casino Parties by Show Biz Productions have been producing Casino Nights and fundraisers since he purchased the business in September of 1979. Since then he has produced numerous successful events.
